

THOMAS MITCHELL PRIMARY SCHOOL

YEAR 5 ACTIVITY – WORLD OF MATHS

20th June, 2019

Introduction/Links to Curriculum:

As part of our Maths unit in Term 3, the Year 5 students will be participating in an in-house activity where they have the opportunity to engage in various interactive maths activities. These hands on activities focus on the curriculum strands of Number, Algebra, Measurement, Geometry, Statistics and Probability. Students will participate in 17 activities, as well as completing a linked booklet which focuses on problem solving. The instructions and questions on the activities make each session a guided discovery lesson where students solve a variety of problems, discover number patterns, identify geometric properties, think logically and apply mathematics to the physical world. It is a highly engaging session which will show that Maths is everywhere, is important and of course that Maths can be fun!
